President Harold W. Dodds  
Princeton University  
Princeton, New Jersey

My dear President Dodds:

I am delighted to learn of the Rockefeller Public Service Awards program which you are administering at Princeton in order to give concrete recognition to outstanding civilian service in the Government. As you well know, we have always been keenly aware of the contribution which our universities can make to the Federal Government, particularly in those agencies which are concerned with our foreign policy, and we have seldom been disappointed in our requests for assistance from these quarters. I welcome therefore this new tie between the campus and the Government and I am pleased that you have addressed us in connection with it.

I am sure you will understand, however, that its special mission places this Agency in a unique position, from a security standpoint, with respect to the program which you are developing. Nevertheless, we intend to participate in the program to the fullest extent possible, consistent with the necessary security limitations of CIA.

I have designated Colonel Matthew Baird, USAF, the Director of Training in CIA, as my representative for your program and as the Agency point of contact with you. Please feel free to call upon him at any time.

AT

Sincerely,

SIGNED.

Allen W. Dulles  
Acting Director
